The Local Buzz: Picasso's to debut Bottle Box

Posted: 10/01/2009 05:00:51 PM PDT

From the staff uniformed in organic cotton to solar powered generators at catering events, Picasso's Caf , Bakery and Catering Co. is making great strides in its goal to become the most "green" caf and catering company in the San Gabriel Valley.

Perhaps the most innovative product used by Picasso's is the new Bottle Box by Direct Pack Inc. , made from recycled water bottles gathered from local recycle centers.

Picasso's will debut its first ever product from the true "plastic bottle to box" recycling process with the introduction of "Picasso Power Meals" at City of Hope's Los Angeles Walk for Hope in Duarte on October 25.

Picasso's "Salute to Survivors" and "Victorious Veggies" gourmet box lunches will be available for LA Walk for Hope participants to pre-order online or to purchase at the event.

The event will feature live music, concessions from Picasso's, giveaways and a Survivors' Pavilion to honor those who have battled breast cancer. Registration begins at 8 a.m. and the walk begins at 10 a.m. To register, donate or raise funds, visit www.walk4hope.org/la.

PASADENA

Parsons completes facility foundation

Parsons Corp. is pleased to announce that it has completed the foundation of the Salt Waste Processing Facility at the Savannah River site in Aiken, South Carolina.

The facility is essential to disposing of approximately 33 million gallons of radioactive salt waste stored at the site, vitrifying

radioactive liquid waste at the Defense Waste Processing Facility, and closing SRS tank farms.
